

WE CARE ABOUT YOU

We care deeply about the health and safety of you, our customers, and of our employees. We would like to share with you all the necessary steps that we are taking to navigate the current conditions of COVID-19.

STEP

1

PRE-VISIT QUESTIONNAIRE

- We will check with all customers on their travel history abroad for the past 14 days.
- Customers will be required to sign a declaration letter and provide basic details for contact-tracing purposes (this is so the authorities can easily contact all related parties in case of a positive infected case)

STEP

2

TEMPERATURE

- We will conduct temperature checks on every customer and staff member before they are allowed entry into the salon (normal temperatures: 36.5 – 37.5 C)

STEP

3

SEATING ARRANGEMENT

- Appointments will be prioritized and seating will be arranged with a minimum of a 1.5 – 2 m distance in between customers.

STEP

4

HAND-WASHING

- Staff members will be required to wash their hands before and after servicing each customer.

STEP

5

SANITIZATION

- All work stations and tools will be sanitized after each usage.

STEP

6

GLOVES

- All staff members will be required to wear gloves after washing their hands.
- Gloves will also be mandatory before making contact with customers.

STEP

7

MASKS

- All staff members will wash their hands before putting on a mask.
- Masks will be worn the correct way, with the colored side of the mask facing outwards.
